

**EAS Policy: EAS-FAC-006**

**Subject:** F&A Distribution

**Effective Date:** July 1, 2022

**Supersession:** February 1, 2017

**Approved:** Don Rabern, Dean

**Introduction:**

The transition to an incentive-based budget model will result in a change to the distribution of facilities and administrative recovery (F&A). While campus units involved in research will receive 100% of the F&A revenue, a portion of these funds will be used to cover support unit costs and central investment pools. To maintain the same allocation to the principal investigator (PI) and department, the college has adjusted the percentage to reflect the transition to the new budget model.

**Policy:** The following policy will be applied to F&A distribution within the college. For faculty hired before August 2017:

26% PI  
6% Department  
8% Dean

For faculty hired starting August 2017 during their first 6 years:

12% PI  
12% Department  
16% Dean

**NOTES:** For faculty hired after August 2017, the distribution will be 26-6-8 for their 7<sup>th</sup> year and beyond. A director of a center in the college will negotiate F&A return to the center with the appropriate Department Chair and the Dean.
